

Please STOP the issuing of random FAX transmissions. It uses up paper for information WE DO NOT WANT. This is a bothersome practice and when one calls the number listed on the fax to stop the broadcasting, the number is BOGUS, which is against the law. Also, there is no fax number at the top of most of these FAXes. We DO NOT WANT TO BE RECEIVING THESE UNWANTED, UNSOLICITED PAGES.

Do not let business interests and the lobbyists let this random process to continue.

Thank you,
Jane Bonnesen
